# Key information summary

---

## What is this?

This is a managed investment scheme. Your money will be pooled with other investors' money and invested in various investments. Craigs Investment Partners Superannuation Management Limited ("CIPSML", "we", "our" or "us") will invest your money and charge you a fee for its services. The returns you receive are dependent on the performance of the investments you have selected. The value of those investments may go up or down. The types of investments and the fees you will be charged are described in this document.

---

### Warning

The law normally requires people who offer financial products to give certain specified information to investors before they invest. This requires those offering financial products to have disclosed information that is important for investors to make an informed decision.

The usual disclosure rules do not apply to this offer because there is an exemption for offers of investments in self-select schemes. With a self-select scheme you choose the investments you want in your investment portfolio from a list of Investment Options provided by CIPSML. As a result of the exemption, you may not have information that allows you to easily understand the overall risks and fees that apply to your investment portfolio. You will also not be able to easily compare an investment in the self-select scheme with other similar managed funds.

Investments in self-select schemes will not be suitable for all retail investors. We recommend that you seek independent financial advice before committing yourself. Your financial advice provider can help you understand your risk profile and assist you to select investments that are suitable for you.

We suggest you ask questions, read all documents carefully, and seek independent financial advice before committing yourself.

### What will your money be invested in?

The Craigs KiwiSaver Scheme (the "Scheme") allows you to build a portfolio that suits your risk profile and investment objectives by selecting investments from the list of Investment Options contained in the Scheme's Investment Options Supplement.

The Investment Options Supplement can be found on the Craigs Investment Partners ("CIP" or "Craigs") website [craigsip.com/documents](https://craigsip.com/documents) and the offer register at [disclose-register.companiesoffice.govt.nz](https://disclose-register.companiesoffice.govt.nz)

The Investment Options you can select from include a range of investments, including global, New Zealand and Australian equities, investment trusts, managed funds, index funds and listed property trusts. Cash can be held in the cash accounts within your portfolio.

You must hold a minimum of 0.25% of your portfolio as cash to ensure we can recover taxes and fees.

The CIP Product Committee is responsible for approving and removing Investment Options. They will review and update the Investment Options at least quarterly. For more information, see the Scheme's 'Other Material Information' document available on [craigsip.com/documents](https://craigsip.com/documents) or the offer register at [disclose-register.companiesoffice.govt.nz](https://disclose-register.companiesoffice.govt.nz)

When an investment is removed as an Investment Option, all members who hold the investment are contacted with a recommendation to review their portfolio and Investment Direction (as defined in the Scheme's Trust Deed) and advise us of any changes. Any investment not listed in the Investment Options Supplement will be identified in your holdings statement. We will request a new Investment Direction where your current Investment Direction includes an investment which has been removed from the Investment Options Supplement.

There may be circumstances where we need to sell an investment to comply with applicable laws. Members will be given at least one month's written notice and proceeds held as cash until we receive a new Investment Direction.

The Investment Options Supplement includes a description of each Investment Option, whether it is covered by the CIP Private Wealth Research team, whether it is offered by a related party, the risk indicator for each Investment Option, an explanation of the risk indicator, the estimated total annual fund charges for each Investment Option, whether any performance fee, individual action fees and other charges are applicable and information about the fees for the Scheme and fees for Investment Options.

### **Who manages the Craigs KiwiSaver Scheme?**

CIPSML is the manager of the Scheme.

See section 7 'Who is involved?' for more information.

### **How can you get your money out?**

You may be eligible to withdraw funds if you satisfy certain criteria such as when you:

- reach the New Zealand superannuation qualification age (currently 65)\*;
- buy your first home;
- suffer serious illness or a life-shortening congenital condition;
- suffer significant financial hardship;
- die;
- permanently emigrate; or
- have to pay tax or make a student loan repayment which arises from a foreign superannuation scheme withdrawal.

There are rules around when each of these withdrawals can be made and how much of your account can be withdrawn. See section 2 'How does the investment work?' for more information.

*\* If you joined KiwiSaver prior 1 July 2019 and were over age 60 when you joined, you may withdraw your funds at age 65 if you opt-out of the compulsory five year membership requirement by notifying us. If you joined KiwiSaver from 1 July 2019, there is no compulsory five year lock-in period.*

### **How will your investment be taxed?**

The Scheme is not a Portfolio Investment Entity (PIE) so is taxed as a widely-held superannuation fund at a flat rate of 28% on taxable income.

See section 6 'What taxes will you pay?' for more information.

### **Where can you find more key information?**

# How does this investment work?

The Scheme is registered under the Financial Markets Conduct Act 2013. The Scheme is designed to help you save for your retirement.

---

### Structure of the Scheme

The Scheme is a trust governed by a trust deed between us and The New Zealand Guardian Trust Company Limited, as the Scheme's supervisor (the "Supervisor").

This Product Disclosure Statement (PDS) offers you membership in a KiwiSaver scheme.

The Scheme provides you with the flexibility to build a portfolio from our Investment Options that suits your risk profile and investment objectives. A financial adviser engaged by CIP ("Craig's Investment Adviser") is available to help you select your portfolio at no additional cost. By joining the Scheme, you will also gain access to CIP's Private Wealth research material.

You can change the composition of your portfolio as your circumstances change by contacting your Craig's Investment Adviser or by completing an 'Investment Direction and Switch' form available on [craigsip.com/documents](https://craigsip.com/documents)

Your contributions into the Scheme (and those that are made for your benefit) are credited to a Scheme account in your name. Your contributions are pooled with other members' contributions and invested into the Investment Options selected by you and held through the Scheme. The advantage of your investment being pooled with other members is you can achieve greater diversity by holding partial shares or below minimum holding requirements.

The value of your Scheme investment at any time will reflect the value of the Investment Options you have invested in, including cash held (less fees and taxes).

Your portfolio is not segregated and liabilities of the Scheme can affect all portfolios.

## Our Investment Approach

The Investment Options include a range of investments such as global, New Zealand and Australian equities, investment trusts, managed funds, index funds and listed property trusts. Cash can be held in the cash accounts within your portfolio.

The CIP Product Committee approves all Investment Options. To be included as an Investment Option, an investment must be either covered by CIP Private Wealth Research or subject to a due diligence process.

Covered Investment Options are reviewed and recommended by CIP Private Wealth Research analysts. The team will analyse, or use analysis from chosen providers, which relates to the investment, its industry and markets it operates in, competitive position, liquidity as well as specific economic indicators and commentary.

The due diligence process undertaken by the CIP Product Committee includes a check of the characteristics of the investment and a review of the issuing manager. More information is available in the Scheme's 'Other Material Information' document available at [craigsip.com/documents](https://craigsip.com/documents) or the offer register at [disclose-register.companiesoffice.govt.nz](https://disclose-register.companiesoffice.govt.nz)

The Investment Options are reviewed and updated each quarter, although changes can be made at any time. If an investment is removed from the Investment Options Supplement, members who hold the investment will be contacted. The Investment Options Supplement is available from your Craigs Investment Adviser, on the CIP website [craigsip.com/documents](https://craigsip.com/documents) or the offer register at [disclose-register.companiesoffice.govt.nz](https://disclose-register.companiesoffice.govt.nz)

Key benefits of investing in the Scheme are:

- **Self-selecting** your investment portfolio. This allows you to choose from a broad range of investments that suit your risk profile and investment objectives.
- Holding **partial shares** or below minimum holdings. This allows for greater portfolio diversity.
- Accessing CIP Private Wealth **research** and analysis.
- Accessing **financial advice** by speaking to a Craigs Investment Adviser.

Each Scheme portfolio has a cash account. You must hold a minimum of 0.25% of your portfolio as cash to ensure we can recover taxes and fees. The cash account is used to record contributions, any income distributions, and payments such as tax, fees and withdrawals.

Responsible investment, including environmental, social and governance considerations, is not taken into account in the investment policies and procedures of the Scheme as at the date of this PDS. However, some managed funds available as Investment Options have responsible investment policies and procedures. Please see the offer documents of the relevant fund for more information on the extent to which responsible investment is taken into account.

## Joining the Scheme

You can join the Scheme if you are:

- Transferring from an existing KiwiSaver scheme; or
- A non-KiwiSaver investor who is:
  - a New Zealand citizen or entitled to be in New Zealand indefinitely; and
  - living, or normally living, in New Zealand (subject to exceptions for state services employees).

You can become a member of the Scheme by:

- completing the application form at the end of this document; or
- automatic enrolment through your employer (if applicable) if you're not already a member of another KiwiSaver scheme, and the Scheme is your employer's preferred KiwiSaver scheme.

More information on joining the Scheme is in the 'Other Material Information' document available at [craigsip.com/documents](https://craigsip.com/documents) or from the offer register at [disclose-register.companiesoffice.govt.nz](https://disclose-register.companiesoffice.govt.nz)

## Making Investments

If you're employed, you can choose to contribute a regular amount of 3%, 4%, 6%, 8% or 10% of your before-tax salary or wages. Your contribution is deducted from your after-tax pay and paid to the Scheme via Inland Revenue. If you do not choose a rate, the default contribution rate is 3%.

You can change the rate at which you contribute to the Scheme by contacting your employer, us, or Inland Revenue. You can also take a 'savings suspension' but not until 12 months after your first KiwiSaver contribution is paid to Inland Revenue (unless you're suffering, or likely to suffer, financial hardship).

You may also pay additional regular or lump sum amounts at any time.

If you are over 18 and contributing into KiwiSaver, you may be entitled to employer contributions. Your employer contributions will be a minimum of 3% of your before-tax pay and are subject to tax.

If you are self-employed (and do not deduct PAYE), or not working, you can make lump sum payments or regular contributions to the Scheme. You can decide the timing and amount of your contributions.

If you are contributing to KiwiSaver, you may be eligible to receive a Government contribution of up to 50 cents for every \$1 you contribute up to \$521.43 a year (from 1 July to 30 June), if you:

- are aged:
  - 18-64; or
  - 65 years or over, joined KiwiSaver prior to 1 July 2019 and have yet to complete five years KiwiSaver membership (provided you have not opted out of the five year membership requirement), and
- mainly live in New Zealand or meet certain other criteria; and
- have not made a withdrawal in relation to a life-shortening congenital condition.

You can change your Investment Direction for future contributions at any time by completing an 'Investment Direction and Switch' form which is available on [craigsip.com/documents](https://craigsip.com/documents). More information is available on [craigsip.com/how-we-help/manage-your-kiwisaver](https://craigsip.com/how-we-help/manage-your-kiwisaver) and [ird.govt.nz/kiwisaver](https://ird.govt.nz/kiwisaver)

# Withdrawing your investments

KiwiSaver is designed to help you save for your retirement. You can only withdraw funds from KiwiSaver if you satisfy specific criteria. The main types of withdrawals, and what you can withdraw, are summarised in the table below.

More detailed information relating to withdrawal criteria and rules is in the Scheme's 'Other Material Information' document available on the offer register, [disclose-register.companiesoffice.govt.nz](https://disclose-register.companiesoffice.govt.nz) and [craigsip.com/documents](https://craigsip.com/documents). You will need to satisfy any relevant legal requirements before you can make a withdrawal, which may include providing a statutory declaration.

If you joined KiwiSaver before 1 July 2019 and were aged over 60 you are locked into your KiwiSaver until the age of 65 or 5 years after you first joined KiwiSaver (or a complying superannuation fund), whichever is later. However, you can:

- choose to opt out of the 5-year lock-in by notifying us and withdraw your funds any time after you turn 65. If you choose to opt out of the 5-year lock-in, you will no longer be eligible to receive the Government contribution and compulsory employer contribution, or
- keep your funds in your KiwiSaver for the full 5-year term and withdraw them after that.

<sup>3</sup> You must retain a minimum balance of \$1,000 in your KiwiSaver account and any amount transferred from an Australian complying superannuation scheme.

<sup>4</sup> The amount of the withdrawal is limited to the amount that, in the supervisor's opinion, is needed to alleviate your hardship.

<sup>5</sup> These amounts must be transferred to an Australian complying superannuation scheme.

Other criteria may apply to withdrawals if you have transferred Australian superannuation savings into the Scheme.

### **Release of funds required under other enactments**

In accordance with the KiwiSaver Act 2006, we must comply with any enactment requiring the release of funds from the Scheme. That can include releasing funds if ordered by a NZ Court (including under the Property (Relationships) Act 1976 and the Criminal Proceeds (Recovery) Act 2009).

### **Written notice required**

If you wish to withdraw funds from the Scheme you must give written notice using our withdrawal request forms. A withdrawal request cannot be withdrawn once given.

For more information on withdrawals see the Scheme's 'Other Material Information' document available on [craigsip.com/documents](https://craigsip.com/documents) or the offer register at [disclose-register.companiesoffice.govt.nz](https://disclose-register.companiesoffice.govt.nz)

### **How to switch between Investment Options**

You can switch all or part of your investment into another Investment Option by completing the 'Investment Direction and Switch' form available from your Craigs Investment Adviser or the CIP website [craigsip.com/documents](https://craigsip.com/documents)

We have discretion to reject switches, for example if the Scheme is being used to actively trade investments.

Additional trading expenses, being the actual costs to the member of buying and selling investments, (including brokerage of up to 1.25% of the amount of the relevant listed equity transaction) may also be incurred when a switch is being executed.

# Description of your Investment Options

---

We have a range of Investment Options each with individual risk characteristics. This allows you to select a portfolio of investments which suit your risk profile, investment strategy and investment objectives.

The Investment Options include a range of global, New Zealand and Australian equities, investment trusts, managed funds, index funds and listed property trusts. Cash can be held in the cash accounts within your portfolio.

All cash is deposited with ANZ Bank New Zealand Limited, including cash received and held prior to investment. Cash may be held in multi-currency accounts which may be interest bearing.

### **Selection of Investment Options**

The CIP Product Committee decides which investments will be included as Investment Options.

The Committee reviews and updates the Investment Options at least quarterly. Details of changes made are published on the CIP website. If you hold an Investment Option that is removed, we will notify you. Any resulting change to your portfolio will be shown in your next quarterly report.

Neither CIPSMML, nor CIP has any liability to members for any losses incurred as a result of an investment being removed as an Investment Option and any decision to maintain or alter the member's portfolio following that removal.

CIPSMML reserves the right to sell an investment held by a member if CIPSMML determines that it is required in order for the Scheme to comply with applicable laws.

We must give the member one month's prior written notice before any Investment Options are sold. The proceeds will be held as cash until we receive a new Investment Direction.

The Investment Options Supplement contains information which includes;

- a description of each Investment Option;
- if an Investment Option is covered by Craigs Private Wealth Research;
- if an Investment Option is offered by a related party;
- an explanation of the risk indicators and the risk indicator applicable to each Investment Option;
- estimated total annual fund charges, performance fees, individual action fees, other charges and whether management fee rebates are applicable for each Investment Option; and
- information about the fees for the Scheme and each Investment Option.

The most recent Investment Options Supplement is available from your Craigs Investment Adviser, [craigsip.com/documents](https://craigsip.com/documents) or the offer register, [disclose-register.companiesoffice.govt.nz](https://disclose-register.companiesoffice.govt.nz)

For more information regarding the Investment Options and CIP Product Committee, refer to the Scheme's 'Other Material Information' document on [craigsip.com/documents](https://craigsip.com/documents) or the offer register, [disclose-register.companiesoffice.govt.nz](https://disclose-register.companiesoffice.govt.nz)

We have prepared a Statement of Investment Policies and Objectives (SIPO) for the Scheme. The SIPO contains the investment guidelines and policies for selecting financial products and other investments to be recommended for inclusion as Investment Options. We can change the SIPO from time to time at our discretion without notifying you. Any material changes to the SIPO will be included in the Scheme's Annual Report.

# What are the risks of investing?

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at [craigsip.com/risk](https://craigsip.com/risk).

A risk indicator for each Investment Option, and an explanation of the risk indicator, is included in our Investment Options Supplement.

Where an Investment Option is a New Zealand managed fund or a New Zealand Exchange Traded Fund (ETF) and has its own fund update produced by the manager of that fund, the latest risk indicator for

that fund can be found in its most recent fund update. The Investment Options Supplement contains a link to these fund updates.

The most recent Investment Options Supplement is available on [craigsip.com/documents](https://craigsip.com/documents) or the offer register at [disclose-register.companiesoffice.govt.nz](https://disclose-register.companiesoffice.govt.nz)

There is no Crown guarantee in respect of any KiwiSaver scheme or investment product of a KiwiSaver scheme.

## General investment risks

**Some of the general investment risks that may cause an Investment Option's value or the value of your portfolio to move up and down are:**

Market Risk	Investment returns are directly affected by the overall performance of the financial markets. Therefore the value of investments may go up and down in response to changes in market conditions, for example, prospects of companies, political, social and environmental events, natural disasters, climate change, pandemics or economic conditions and events such as inflation, interest rates or recession.
Specific Investment Risk	The Investment Options that you select may face unforeseen events which affect the value of the underlying business and may reduce the value of your investment.
Currency Risk	The Investment Options are offered in a range of currencies. Changes in the currency valuations can result in unpredictable gains and losses when foreign investments are converted from the foreign currency into New Zealand dollars.
Interest Rate Risk	Interest rate risk is the possibility that an Investment Option held will decline in value as a direct result of changes in interest rates.
Portfolio Construction Risk	This is the possibility that, in constructing a portfolio, you have an inappropriate income/growth split or that you fail to monitor and manage the portfolio in line with your investment objectives. There is also a risk that you may select an Investment Option that underperforms the market or other investments.
Concentration Risk	This is the possibility that you may over-invest in a particular Investment Option, sector, industry, region or product, which lacks adequate diversification and could leave your portfolio vulnerable.
Security Liquidity Risk	This is the possibility that if an Investment Option is not widely traded (i.e. is illiquid) then the Investment Option may not be able to be purchased or sold at the requested time or at a reasonable price.

## Other specific risks

**Below are specific risks that are not reflected in the risk indicator. These risks apply to the Scheme because you can self-select your own portfolio of investments from the Investment Options Supplement.**

---

Key Person Risk	The selection of Investment Options forming part of the Investment Options Supplement is dependent on the knowledge, commitment and continued involvement of the CIP Product Committee. There is a risk that the CIP Product Committee members do not have the necessary skill or experience to provide the necessary recommendations. We have taken steps to mitigate the risk by only appointing CIP Product Committee members who have relevant qualifications and experience. It is also possible that one or more may wish to step down from their role. If this were to occur, this could have an adverse effect on performance. We manage this risk by ensuring there are alternate employees who could be appointed to the CIP Product Committee.
Security Selection Risk	Members select Investment Options from the Investment Options Supplement. Investment Options may be removed from the Investment Options Supplement from time to time. Members may elect to continue to hold an investment that has been removed as an Investment Option or, if their current Investment Direction includes a removed investment, continue investing in a removed investment. Neither CIPSM, nor CIP, has any liability to members for any losses incurred as a result of an investment being removed from the Investment Options Supplement and any decision to maintain or alter the member's portfolio following that removal.

---

There are also general business risks relating to our operations that may result in loss (e.g. extended loss of access to IT Systems).

Other risks not reflected in the risk indicator include general business risk, derivative risk, counterparty risk, regulatory risk, IT and cyber risk, insolvency risk, asset allocation risk and asset class risk. Details of these can be found in the 'Other Material Information' document available at [craigcip.com/documents](https://craigcip.com/documents) or from the offer register at [disclose-register.companiesoffice.govt.nz](https://disclose-register.companiesoffice.govt.nz)

## 05.

# What are the fees?

You will be charged fees for investing in the Craigs KiwiSaver Scheme. Fees are deducted from your investment and will reduce your returns. Some Investment Options such as funds and ETFs, may also charge fees.

The fees you pay will be charged in two ways:

- regular charges (for example, annual fund charges). Small differences in these fees can have a big impact on your investment over the long term;
- one-off fees (for example, brokerage).

Information on the fees for the Craigs KiwiSaver Scheme can be found in the Investment Options Supplement. The actual fees charged during the most recent year will be provided in your personalised quarterly report.

### Management fees

The Scheme has a tiered management fee structure. This means the management fees charged to your Scheme account are determined by the asset class of the Investment Options you hold and the market value of your investment in those particular asset classes.

The total management fee charged by us will not exceed 1.25% (per annum) of the market value of your total investment into the Scheme. Fees will be recovered from your cash holdings, or by selling down investments within your portfolio proportionately.

### Tiered management fee structure

Asset class	Management fee <i>(per annum)</i>			
	Tier 1 0 to \$250,000	Tier 2 \$250,001 to \$750,000	Tier 3 \$750,001 to \$2,500,000	Tier 4 \$2,500,001 upwards
Equities and Listed Securities	1.25%	1.00%	0.75%	0.25%

### Flat management fee structure

Asset class	Management fee <i>(per annum)</i>
NZ Managed Funds	0.35%
Cash	0.35% on amounts over \$10,000, no charge for amounts under \$10,000

More information relating to fees associated with the Scheme (including details of any fee rebate arrangements where applicable) is available in the Investment Options Supplement which is available at [craigsip.com/documents](https://craigsip.com/documents) or from the offer register at [disclose-register.companiesoffice.govt.nz](https://disclose-register.companiesoffice.govt.nz)

For those securities that are funds, the management fees are not the same as the annual fund charges. An explanation of what annual fund charges comprise is set out on the next page.

## Performance-based fees

Performance fees may be charged within certain Investment Options. The performance fee will typically be reflected in the security's price and may therefore indirectly affect your returns. For further information, please refer to the Investment Options Supplement.

## Management fee rebates

Fee rebate arrangements may apply to Investment Options available in the Investment Options Supplement. If you choose to purchase or hold an Investment Option where a management fee rebate arrangement is in place, part of the management fee charged by the manager of that underlying fund will be paid back to you as a rebate. Further information about management fee rebates can be found in the Investment Options Supplement available at [craigsip.com/documents](http://craigsip.com/documents). Rebate arrangements are subject to change from time to time, please speak to your financial adviser for more information.

## Other charges

Type of fee or expense	Charging basis
Administration fee	Up to \$30.00 per annum per member charged to your member account in October and April.  Members who are under 18 years old are not charged this fee.
Scheme expenses	Approximately \$15.00 per annum per member. This estimate has been based on the total amount of costs and expenses recovered during the Scheme's previous financial year on a per member basis. The actual expenses incurred will vary from time to time and are recovered on a per member basis.  The Scheme expenses cover the costs and expenses incurred in the Scheme for operating and managing the Scheme including audit, legal and transaction fees. The Scheme expenses are deducted from your portfolio cash holding. If there is not enough cash in your portfolio to cover these expenses, they can be recovered by selling down investments within your portfolio proportionately.

## Explanation of Total Annual Fund Charges

The total annual fund charges for each Investment Option are set out in the Investment Options Supplement. These are stated as a percentage of the net asset value of the Investment Option.

The **Total Annual Fund Charge** is made up of the following:

- **Management fees** – Calculated based on the number of days the Investment Option has been held throughout the relevant year. This fee covers the cost of managing the Scheme, including managing the investments, processing contributions, withdrawals and corporate actions, dealing with correspondence and preparing statements. We currently meet the relevant fees payable to the administration manager, custodian and supervisor out of this fee. Fees will be recovered at the end of each month from your cash holdings, or by selling down Investment Options within your portfolio proportionately.

- **Fees and expenses of underlying funds** – Investment Options that are funds may also have fees and expenses which are charged by the manager and supervisor of that fund. These fees and expenses will be reflected in the fund's unit price and may therefore indirectly affect your returns.
- **Performance fee** – The total annual fund charge will include the performance fees for any related underlying fund. Performance fees for other underlying funds are not included as part of the total annual fund charge. The Investment Options Supplement identifies which Investment Options charge performance fees.

Certain fees, charges or expenses relating to the Scheme are subject to GST at the prevailing rate.

For further information on fees and charges, please refer to the Scheme's 'Investment Options Supplement' document available at [craigsip.com/documents](http://craigsip.com/documents) or from the offer register at [disclose-register.companiesoffice.govt.nz](http://disclose-register.companiesoffice.govt.nz)

## Example of how fees apply to an investor

Sarah invests \$10,000 in a number of the Investment Options from the Investment Options Supplement. She is charged brokerage when her funds are invested of \$125.00 (1.25% of \$10,000).

This brings the starting value of her investment to \$9,875.00.

She is also charged the management fee, which works out to \$123.44 (1.25% of \$9,875.00). These fees might be more or less if her account balance has increased or decreased over the year and are dependent on the type of investments she has selected.

Over the next year, Sarah pays other charges of \$45.00.

### Estimated total fees for the first year

Brokerage	\$125.00
Management fees	\$123.44
Other charges	\$45.00

If Sarah's Investment Options include any funds, those funds may be subject to further fees (including performance fees) and expenses.

**This example may not be representative of the actual fees you may be charged and reflects a sample portfolio of Investment Options at the maximum management fee rate.**

### The fees can be changed

We can change the existing fees and introduce new fees by giving notice to all members, subject to any maximum levels in the Scheme's Trust Deed and the requirement in the KiwiSaver Act 2006 not to charge unreasonable fees.

## 06.

# What taxes will you pay?

The Scheme is not a PIE so is taxed as a widely-held superannuation fund at a flat rate of 28% on taxable income.

Tax can have significant consequences for your investments and it is important, if you have any queries relating to the tax consequences of your investments, that you seek professional advice.

For further information on the tax consequences of investing in the Scheme, please refer to the Scheme's 'Other Material Information' document available at [craigsip.com/documents](https://craigsip.com/documents) or from the offer register at [disclose-register.companiesoffice.govt.nz](https://disclose-register.companiesoffice.govt.nz)
